

Change the way you apply!

Learning Spiral understands your admission process and student needs like no other organisation.

We routinely process examination results for more than 3 million students and online applications worth INR 12+ Crores in an academic year.

Our online admission application solution - **UCanApply** is a result of our 10+ years of close working with some of the leading Universities, Examination Boards, Colleges and Schools across the country.

UCanApply helps you automate and streamline manual and repetitive tasks, reduce dependencies on paper processes, enable widest possible online payment solutions, increase productivity, enhance brand image and student satisfaction while tracking, measuring and real time reporting on each stage of the admissions process. **It thus allows your admissions staff to do what they do best - spend more time evaluating prospective applicants to bring in the right set of students.**

Fully online student applications

- Online multi-session application customised as per the Institute to incorporate look, feel & all desired fields of existing physical forms.
- Incorporates all desired data validations, security and checks
